MICHAEL *"Magic"* MORGAN

Founder and CEO, Magical Journey Network, Inc.

FIND A MENTOR. BECOME ONE.

NEVER WALK THE ROAD ALONE.

ABOUT MICHAEL

Michael Morgan is the Founder and CEO of Magical Journey Network, a 501(c)(3) nonprofit mentorship organization born from lived experience, long-term service and recovery. His journey began over thirteen years ago through consistent involvement in mentorship and recovery communities, including Celebrate Recovery. Through years of showing up for others, his understanding of leadership shifted from performance to responsibility.

He founded Magical Journey Network at 69 as a call to action: find a mentor, become one, and never walk the road alone. The organization pairs adults navigating major career and life transitions with peer mentors who have already been through the same season. He believes mentorship is not a title but a commitment, and he talks to everyone: on beaches, in airports and at the next table over.
